

Terms for Product Testing

Terms for Product Testing

1. Application of these Terms

- 1.1 These terms apply to each agreement or accepted application or accepted signed quotation for the provision of a product testing service or unrelated advisory service ("the Agreement").
- 1.2 The parties of each agreement are Under Pressure Testing (UPT or "We") and the Client ("You").
- 1.3 Any order or payment of fees or completed UPT Application Form or quotation acceptance which You place with UPT or receipt by You of test results after receiving notice of these terms constitutes acceptance of these terms. Both parties must agree in writing to any additional or different term.

2. Samples

- 2.1 You warrant the suitability of the samples for the purpose of the testing service and the accuracy of your description of the samples.
- 2.2 You must ensure that each package containing samples is accompanied by a completed Test Request Order or sufficient material to identify the test samples and details of testing.
- 2.3 You must organise the transport of samples to and from UPT's premises and must bear all risk of loss or damage of, or alteration to, samples while in transit or at UPT's premises. UPT accepts no responsibility for alteration of samples while in transit. You must pay any charges UPT may impose on you for the test sample storage (if it is required beyond testing period), disposal and transport costs to and from UPT's premises.
- 2.4 While UPT shall use reasonable endeavours to ensure that minimal damage or alterations shall be caused to samples during testing, You acknowledge that samples may be altered or damaged unavoidably during the normal conduct of the testing service requested.
- 2.5 All articles and sample material remaining after testing remains the property of You. Where practicable we will retain such articles and sample material not consumed in the testing service for 1 month. If not collected by You after 1 month has passed, articles and sample material may be disposed of.

3. Under Pressure Testing's Obligations

We will carry out the testing service with due professional care and skill, and in accordance with our IANZ (International Accreditation New Zealand) or other relevant accreditation where applicable.

4. Test Results

- 4.1 If you specifically request a particular test, we are not liable for any loss you suffer because we perform that test when another test would have been more suitable given the quality or characteristic which you wish us to test or the end use which you intend for the sampled material.

Terms for Product Testing

- 4.2 If you do not specifically request a particular test, You are responsible for providing clear, accurate and comprehensive instructions, including descriptions of the samples, whether in writing or orally (as evidenced in UPT's records), on the following:
- The Australian Standard or other Standard, or quality or characteristic ("The Nominated Standard") against which you wish us to test.
- 4.3 We are not liable for any loss You suffer (including where we have recommended a test) because the test results fail to demonstrate compliance with the Nominated Standard, and/or fail to be suitable given the end use intended for the sampled material, where that failure arises from incorrect, misleading or incomplete instructions on Your part.
- 4.4 We do not warrant that the test results will meet or exceed the requirements of the Nominated Standard or any specifications hoped for by You.
- The test results relate only to the sample or samples tested.
 - Due to the many scientific variables involved in carrying out or testing services, we do not warrant that any test results derived from a sample will be identical or substantially similar to test results previously derived from a similar sample, using the same testing service, by UPT or a third party.
 - You acknowledge that the tests may involve an element of subjective judgment.

5. Fees

- 5.1 We will calculate the fee according to one of the following:
- The UPT Testing Fees List in force at the time.
 - An agreed fee or quotation for the particular testing service.
- 5.2 Unless clause 5.3 applies, [payment is required prior to provision of the test report, after we have issued our invoice for the relevant amount.]
- 5.3 If You have applied for and been granted a credit account with UPT, You must pay the fees within 20 days of the end of the month in which our invoice is issued for the credit account to remain open.
- 5.4 All payments must be made in the currency stipulated in the invoice.

6. Taxes

You must pay any tax, levy or impost imposed on the services provided under an agreement, including but not limited to any goods and services tax, in addition to our fees at the same time that you pay our fees.

Terms for Product Testing

7. Delays

While we make all reasonable endeavours to complete testing services promptly, we are not liable for any loss arising from delay in carrying out a testing service or producing a test report. Product failure during testing may delay the expected completion date due to possible redesign, retesting or other corrective measure.

8. Liability

8.1 You acknowledge that we have not made any statement or other representation, not expressly stated in these terms, which has induced you to enter into an agreement.

8.2 Subject to clause 9, we are not liable for any loss or damage whatsoever (including loss of profits or other consequential loss) arising in connection with the Agreement (including because of negligence by us).

9. Implied Terms

9.1 Unless clause 9.2 applies, any condition or warranty which would otherwise be implied in this agreement is excluded.

9.2 Where legislation implies in this agreement any condition or warranty, UPT's liability for any breach of such condition or warranty is limited, at UPT's option to one or more of the following:

- The supplying of the testing service.
- The payment of the cost of having the testing service supplied again.

10. Test Reports

You must not alter or allow alteration of test reports. You must not reproduce or allow the reproduction of test reports except in full.

11. Confidential Information

11.1 "Confidential information" means:

- Any information disclosed to us by You which You designate as confidential or which we know or ought to know is confidential
- Includes the information in test results and test reports
- Does not include information to the extent that the information is:
 - Independently developed or known by us (including because it is in the public domain)
 - Independently known to a third party who contacts us about the information
 - Required to be disclosed by law.

Terms for Product Testing

11.2 We must not disclose confidential information without your prior written consent, except to our officers, employees, contractors and agents for the purpose of an agreement with you.

12. Copyright

We retain copyright in all written material produced under an agreement.

13. Governing Law

Each agreement is governed solely by the law of New Zealand.

14. Dispute Resolution

14.1 The parties must attempt to resolve any dispute as quickly as possible, but if such dispute is not resolved within 20 business days of notification by one of the parties to the other of the particulars of the dispute, before issuing proceedings at court, either one of the parties may refer the dispute to mediation, administered by the Commerce Commission of New Zealand in accordance with its guidelines for commercial mediation. Each of us must bear our own costs of the mediation.

14.2 If the matter is referred to mediation under clause 14.1, neither one of the parties may commence court proceedings concerning a matter in dispute unless the matter has not been resolved within 90 days of the referral.

15. Severance

If any provision of these terms is held to be invalid or unenforceable, such provision will be struck out and the remaining provisions will remain in force.

16. Indemnities

You must at all times indemnify and hold harmless us and our officers, employees, contractors and agents ("Those Indemnified") against any loss (including reasonable legal costs and expenses) or liability arising from any proceedings against those indemnified where such loss or liability was caused by:

- A breach by You of an agreement
- Incurred by Those Indemnified in enforcing any rights under an agreement with You.

17. Termination

Without limiting the generality of any other clause in these terms, we may cease to fulfil work in progress or refuse to commence new work for You if You are in breach of any term of an agreement.
